## ABOUT US

VESTA Modular is a leading provider of both temporary and permanent modular buildings. We own a fleet of over 5,000 units that we lease to customers across North America. In addition, VESTA offers full-service modular general contractor services delivering efficient, turnkey modular buildings from simple offices to multi-story developments. Specializing in flexible, cost-effective construction methods, we will customize a solution to meet the specific needs of every client. Serving a wide range of industries, VESTA offers custom and traditional, new and used buildings for sale or lease.
